

Green Clean Gel

UR8601

Green Clean Gel (100g / 3.5oz)

Features:

The UR hand cleaner gel eliminates fat and dirt lodged in the skin, without producing irritations. It contains pine and coconut oils, lanoline and cleaning particles that drag dirt. It combines a great cleaning capacity with the necessary safety in the personal hygiene.

Way of use:

Rub the hands energetically with the product. Rinse with water and dry.

Physical Characteristics:

- ◆ Green colour gel with dragging particles.
- ◆ Density: 1,02 g/c.c.
- ◆ pH: 8,8

Cleaning Gum

UR8602

Cleaning Gum (140g / 5oz)

Features:

The ULTIMATE RACING cleaning gum is a sticky synthetic putty that simply picks up all the dirt and dust your car has collected on the track. The gum even absorbs oil and grease! This gum allows cleaning the smaller corners and parts of the car.

Way of use:

For cleaning your car you just have to press the cleaning gum on the dirty part of your car and all dirt and dust particles stick on the gum. Once the dirt is on the gum, you have to mix the ball and the gum absorbs the dirt and is ready for the next time. Thanks to its special formulation it can be used a lot of times keeping its qualities.
